# TESTIMONIALS

## REAL PEOPLE. REAL STORIES.

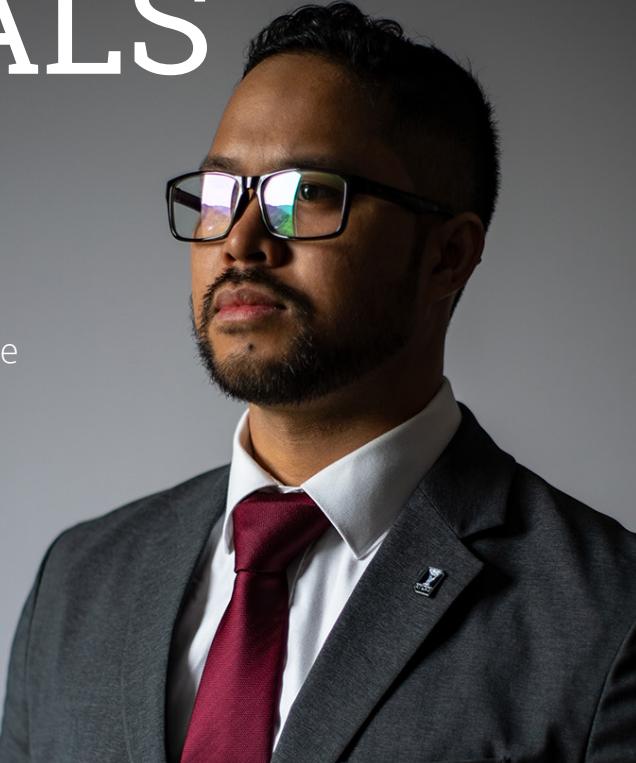

Since 2011, I have been very passionate about being in this industry.

So, I went all out with Atlas, and undertook their SIA Close Protection course in 2018. The qualification provided me the access to overseas jobs and higher paid opportunities.

After 2 years and countless jobs protecting such interesting people, this was my best decision.

**Ayman**

Team Leader, Atlas HQ

I belong to the first ever batch of Atlas graduates in 2017.

Back then, Close Protection was at its infancy in Southeast Asia, so I wasn't sure whether this would work out.

Fast forward 3 years and it's been such good fun working with people from so many backgrounds.

**Hakim**

CP Officer, Atlas Frontline

My Mandarin skills combined with the Level 3 SIA Close Protection qualification ensured that there was no lack of work for people of my skills after graduation.

I capture the market for Chinese clients requiring Mandarin speaking CP officers and instructors.

It's been a good experience, and I look forward to developing my instructional skills in the future to further benefit the team.
